Notices of Motion

5.1 Cllr. Tony Black (Ref. ID 2625)

That this Municipal District carry out improved traffic calming and safety measures on all approach roads into Tipperary Town. While I understand the enforcement of speeding laws is within the remit of An Garda Síochána, Tipperary County Council has a pivotal role to play in the process of ensuring the highest safety standards possible to protect motorists and pedestrians alike.

If the funds are unavailable at present, I request that all avenues are explored to secure funding to carry out these works that could potentially save lives.

5.2 Cllr. Andy Moloney (Ref. ID 2634)

That this Municipal District make Barrack Street, Cahir a 3 tonne limit with exception for emergency services and deliveries as residents complaining about plaster cracks from vibrations on trucks using shortcut when alternative is available above it.

5.3 Cllr. Annmarie Ryan (Shiner) (Ref. ID 2648)

That this Municipal District identify suitable locations for a public campervan park in each of the main towns: Tipperary, Cashel and Cahir, and explore all options to deliver on this service in the near future.

5.4 Cllr. Annmarie Ryan (Shiner) (Ref. ID 2649)

That this Municipal District write to Transport Infrastructure Ireland and ask them to carry out sufficient temporary resurfacing works from the junction of O'Brien Street to the Cashel Road roundabout. Until the delivery of the proposed N24 bypass, Tipperary town main street must continue to facilitate thousands of weekly vehicle movements (including HGV & LVG), therefore the road surface needs to be adequately maintained.

5.5 Cllr. Declan Burgess (Ref. ID 2650)

Following the speed survey conducted for the Dualla Road in Cashel. Can management outline their plans to install relevant traffic calming measures here.

5.6 Cllr. Declan Burgess (Ref. ID 2651)

That this Municipal District assess the footpaths in Oliver Plunkett Park. They are in a bad state of repair and it's important to source appropriate funding to carry out these works.

5.7 Cllr. Declan Burgess (Ref. ID 2652)

That this Municipal District outline any plans to install water refilling stations, as part of public realm upgrades. Other local authorities have installed these stations at tourist sites in their areas and has proved very successful. This is also a great climate action initiative, combatting the use of single use plastics?
